## Koolbreeze Climateasy 18R2

### Features

- Nominal 5.2kW cooling duty
- 13amp supply
- Works with up to 3m warm air exhaust hose
- 3 speed fan control
- A rated heat pump
- Quiet in operation

| Model                                          |               | Climateasy 18R2            |
|------------------------------------------------|---------------|----------------------------|
| Cooling Capacity (kW)                          |               | 5.2                        |
| Heating Capacity (kW)                          |               | 4.7                        |
| Dehumidifying Capacity (l/day)                 |               | 52                         |
| Running Current (amps)                         | Cooling       | 9.3                        |
|                                                | Heating       | 9.4                        |
|                                                | Dehumidifying | -                          |
| Power Source                                   |               | 13A - 230v - 50Hz - 1phase |
| Flow Volume (m <sup>3</sup> /hr)               |               | 450                        |
| Fan Speeds                                     |               | 3                          |
| Operating Range (°c)                           |               | 18-35°c                    |
| Sound Pressure Level ID / OD (dBa)             |               | 65                         |
| Warm Air Exhaust Duct Diameter / Length (mm/m) |               | 150 / 3                    |
| Cold Air Exhaust Duct Diameter (mm)            |               | -                          |
| Min/Max Umbilical Length (m)                   |               | -                          |
| Net Weight ID / OD (kg)                        |               | 30                         |
| Dimensions (H x W x D)                         | ID Unit (mm)  | 768 x 490 x 376            |
|                                                | OD Unit (mm)  | -                          |
| Refrigerant                                    |               | R290                       |
| Condensate Tank Volume (l)                     |               | -                          |
