# Master BLP103ET Direct Gas Fired

## Features

- Double electrovalve
- Post ventilation
- The ionisation electrode continuously checks the presence of the flame
- Regulator includes safety valve which stops the gas flow in case of cracks in the gas tube
- Overheat thermostat
- Adjustable heat
- Motor with thermal protection

| Model                            | BLP103ET         |
|----------------------------------|------------------|
| Heating Capacity (kW)            | 57.0-103.0       |
| Running Current (amps)           | 1.0              |
| Power Source                     | 13a - 230V - 1ph |
| Flow Volume (m <sup>3</sup> /hr) | 3,260            |
| Temperature Range (°c)           | -                |
| Pressure (bar)                   | 0.75-2.0         |
| Fuel Consumption (l/hr)          | 6.66             |
| Sound Pressure Level (dBa)       | -                |
| Net Weight (kg)                  | 22.3             |
| Dimensions (H x W x D)           | 624 x 324 x 895  |
